MESSAGE FROM THE REGISTRAR

This is the PPDA Appeals Tribunal's seventh Annual Report for 2020/2021 from 2014 and despite the challenges, the Tribunal has recorded tremendous achievements.

During the Financial Year 2020/2021, the Tribunal received fifteen (15) Applications from aggrieved bidders. There were no References from the Authority. All the said Applications were fully adjudicated upon by the Tribunal, hence no backlog. The Tribunal also carried out two (2) regional sensitization workshops in Central and Rwenzori Regions on the mandate of the Tribunal and how aggrieved bidders can successfully file applications to the Tribunal.

However, owing to declaration of COVID19 pandemic and imposition of various restrictive measures by the Government of Uganda effective 17th March 2020, the Tribunal could not carry out all its planned activities. As a result of the COVID-19 pandemic, a number of Tribunal Hearings have been held remotely using digital solutions to ensure business continuity. Once the restrictive measures are relaxed, and with availability of funds, full implementation of planned Tribunal activities shall be achieved.

The aforementioned achievements by the Tribunal were made possible due to the continued support from the Government of Uganda through the Ministry of Finance, Planning, Economic and Development (MoFPED). We appreciate that support and we pledge our commitment to work together with the Ministry towards a glorious future as per the Tribunal vision, "to be a Centre of excellence for public procurement and disposal of assets disputes management in Africa".

We commend the able leadership of the Chairperson Mr. Gimara Francis S.C and his team of four other Tribunal members who have strategically guided the Secretariat so that the targets and mandate of the Tribunal can be seamlessly achieved.

I would also like to express my gratitude to the dedicated Tribunal Secretariat staff, who continuously worked as a team to contribute to the success of the Tribunal.
